

## Higher education

### Higher education at Chisholm includes undergraduate certificates, degrees and postgraduate study.

Your pathway into a degree doesn't have to be the traditional way. Our pathway options mean you can start your journey to higher education with direct entry into our bachelor and postgraduate qualifications, or pathway into your degree from a diploma. In several instances the diploma will form the first year of your degree and provide you with job-ready skills and research and study skills to give you the best career options. This innovative model, the degree pathway, is unique to Chisholm.

We offer specialised, industry-specific degrees that give you a

unique insight into the way the industry works and help you to create a professional network. All our qualifications are fully accredited and governed in the same way as university degrees, with a focus on maximising your employment options and providing you with entry opportunities to postgraduate study.

Our degree programs don't require an ATAR. You can complete your Chisholm diploma, then study for just one more year to attain an associate degree, or a further year to graduate with a bachelor degree.

For a full list of higher education courses and the latest course information, including entry requirements, payment options and intakes, visit [chisholm.edu.au/highered](https://chisholm.edu.au/highered).

### Student story Muhammad

Like many students, Muhammad's work placement led to a job offer straight after he finished his study at Chisholm.

In fact, his work placement provider was so impressed with him, they created a new position so that he would stay on with the company.

Growing up in Pakistan, being an engineer was a lifelong dream for Muhammad.

After doing some online research and consulting a few friends who had studied with Chisholm, he decided it was the right fit for him.

Muhammad enrolled in a Bachelor of Engineering Technology (mechanical and manufacturing). He really enjoyed the balance of practical hands-on learning with theoretical study.

Towards the end of his study, Muhammad started a placement with REDEI Renewable Energy Solutions, designing different parts for manufacture or assembly using computer-aided software.

*"My placement was crucial in getting to know all the managers and co-workers," says Muhammad. "When they offered me a job, it was an easy decision, as I knew the people, I knew the job and how things worked."*

## Business and finance

### Associate Degree of Business (Management and Leadership)

CRS1401272

**Duration:** 1 year full time, 2 years part time **Location:** D

### Bachelor of Business (Management and Leadership) CRS1401274

**Duration:** 2 years full time, 4 years plus part time **Location:** D

Correct at time of print. Subject to change. Visit [chisholm.edu.au](https://chisholm.edu.au) for the latest course and enrolment information. 2741\_0923 CRICOS No 00881F RTO No 0260 TEQSA PRV12123. Training to eligible students is delivered with Victorian and Commonwealth Government funding.

## Family violence

### Graduate Certificate in Family Violence – Prevention and Practice

CRS1400479

**Duration:** 6 months full time, 1 year part time **Location:** D

### Graduate Certificate in Family Violence – Working with Men

CRS1400479

**Duration:** 1 year part time **Location:** D

## Nursing

### Bachelor of Nursing – Enrolled Nurse LATBNUR in partnership with La Trobe University

**Duration:** 2 years full time **Location:** B, F

## Psychology

### Associate Degree of Psychology CRS1401151

**Duration:** 1 year full time, 2 years part time **Location:** F

### Bachelor of Psychology CRS1401150

**Duration:** 2 years full time, 4 years part time **Location:** F

Visit [chisholm.edu.au/highered](https://chisholm.edu.au/highered) for the latest degree offerings.

Our degrees provide:

- > academic support programs including our innovative Tertiary Access Program
- > flexible study options
- > comfortable and relevant learning spaces at multiple campus locations
- > opportunities to collaborate and learn with industry partners
- > continuous updates to facilities to enhance your learning experience
- > small class sizes with learning tailored to your needs.

As a graduate, you'll leave with relevant industry skills and experience, ready to launch into your career.

## Our university partners

We partner with leading universities like Federation University and La Trobe University. As a Chisholm diploma graduate, you may be eligible for credit into one of our partner university degree programs. Your diploma may act as the equivalent of first year, leaving you just two years to complete your degree.
